

Taking care of hazardous waste is good for business

Three good reasons to call:

- Receive a free consultation and get ongoing support
- Find out how to qualify for financial help
- Learn best practices for safely storing and disposing hazardous waste

For more information and to schedule your consultation, call 206-263-8899. (interpreters available)

Your field consultant will respond within 3 business days.

Protect your investment: business owners are liable for any contamination and clean up caused by hazardous products or wastes.

What every business needs to know:

- What is hazardous waste?
- If it cannot go in the garbage, where does it go?
- Where can I get this information?

Call **206-263-8899** or email business.waste@kingcounty.gov, or visit www.HazWasteHelp.org

These services are paid for by fees on your utility bills. Use them!

Alternate Formats Available. Call 206-263-8899 or TTY:711
