**Bid Questions and Answers (last updated March 25, 2016)**  
**Bid No: 16-C1517**  
**Bid Opening: March 29, 2016 2PM Kenmore City Hall**

Question 1: Note 6 on IL1 directs us to install a Type 2 Junction Box. The Location at which this note is used, however, has the symbol for a Type 8 Junction Box. Please advise.

**Answer 1:**

***Construction note #6 is correct, a type 2 junction box shall be installed. The Type 8 junction box symbol shown is incorrect.***

Question 2: Drawing IL1 shows a Type 8 Junction Box adjacent to the service described in Note 5. Is this the correct type of Junction Box for this location? Type 8 Junction boxes are not shown on the legend. Please advise.

**Answer 2:**

***A Type 2 junction box shall be installed at this location. Type 8 junction box symbol shown is incorrect.***

Question 3: The Luminaire Schedule on IL1 lists Luminaires up to E10. Drawing IL2, however, shows a location where an "E11" is indicated for installation. Please advise.

**Answer 3:**

***The E indicates an exterior outlet in the tree well. E11 should be listed on the luminaire schedule.***

Question 4: Note 1 on UD1 refers us to UD3 for more information. There was not a drawing UD3 indicated on the Sheet Index or included in the original documents. Please advise.

**Answer 4:**

***The reference to Sheet UD3 should be deleted.***

Question 5: Will you allow a suspension on the delivery and installation of the luminaire poles and the conversion of the overhead by others in this project?

**Answer 5:**

***Yes, if needed.***
