Q3 What is your favorite thing about the character of this site that should shape the design of the park?

Answered: 72 Skipped: 9

#	RESPONSES	DATE
1	Play ground, entertainment park.	9/15/2017 11:28 PM
2	Accessible to the neighborhood and the open space	9/15/2017 7:50 PM
3	Wooded hillside buffer from all the development	9/14/2017 11:00 PM
4	The hill and the potential access point to the school fields on the NE corner of the park. That would provide a fantastic way to go on walks from east to west or east to west. There aren't many ways to get over this big hill currently. It would also make those park fields accessible those living to the West of the park.	9/14/2017 6:30 PM
5	This park will make 80th more homie like, please have playgrounds there	9/13/2017 9:26 PM
6	The Natural Springs and water features, which attract wild Canada Geese and Deer. It is the ONLY large, undeveloped area left for wildlife in our neighborhood.	9/13/2017 6:47 PM
7	The natural landscape.	9/13/2017 6:15 PM
8	The combination of wooded areas, wetlands/streams, and flat/open areas is very nice. While it is adjacent to a busy street and neighborhoods, it feels like you're away from the traffic.	9/13/2017 9:58 AM
9	Natural	9/13/2017 7:10 AM
10	Wilderness in an urban setting	9/12/2017 9:35 PM
11	with the natural slope, it Would be great for outdoor theater. Hope to have adult exercise devices as well as kids'	9/12/2017 9:09 PM
12	Seems like it might have views from the top of the hill.	9/12/2017 8:54 PM
13	That it is undisturbed and feels like an oasis in the middle of the city. No bright lights, cars everywhere it's quiet and we love it	9/12/2017 8:06 PM
14	No bicycles allowed - ever, under any circumstances.	9/12/2017 4:33 PM
15	Trees and nature	9/12/2017 3:46 PM
16	to leave it natural with little public impact. because of the extensive building in the area, what little wildlife that is left has been seriously impacted by traffic, homes and increased population.	9/12/2017 3:16 PM
17	Big	9/12/2017 3:12 PM
18	Never been there	9/12/2017 3:07 PM
19	Both the wetlands and the flat grassy area above (east of) the wetlands	9/12/2017 2:58 PM
20	The natural area mixed with grass and hills.	9/12/2017 2:31 PM
21	preserving natural open space in an area seeing rapidly increasing density	9/12/2017 12:18 PM
22	Nothing. Prior to brightwater work on the site it was an overgrown mess for years. Now it is a mosquito infested swamp with irrigation pipes all over the place.	9/12/2017 11:53 AM
23	It's semi-natural state on a slope and the remediated wetland area.	9/12/2017 11:35 AM
24	The natural landscape, the shade the older trees and vegetation provide to the western sure and how I used to see deer there.	9/11/2017 6:57 PM
25	Contains hill and creek. Might be good for a skatepark	9/11/2017 6:47 PM
26	The nature around, there are Eagles that have nests around and beautiful, tall old growth trees.	9/11/2017 6:45 PM
27	natural habitats	9/11/2017 2:29 PM

28	I like that it's not developed very much. We love seeing the trees, and those natural areas in Kenmore/Bothell are getting ripped down more and more by the day.	9/11/2017 1:56 PM
29	The location would be great for an off leash dog park!	9/11/2017 1:21 PM
30	It's beautiful left alone.	9/11/2017 1:13 PM
31	natural ponds, streams, forest areas	9/11/2017 12:55 PM
32	access to nature- trails for walking/running and mountain biking (we don't need another play set as other parks and most neighborhoods already have this)	9/11/2017 12:40 PM
33	I like that it's not going to be a housing development. I'd like to see a lot of the trees remain and a play area, but I'd mostly like to see an offleash dog park. The only ones around here are just dirt and rocks and Magnusson is too far to go on a regular basis especially considering traffic.	9/11/2017 11:36 AM
34	It needs walking trails so we can explore and get to know the area. I always appreciate benches to sit and enjoy the natural beauty. I'd prefer to keep in a more natural setting and NOT add basketball courts, child play area (there are plenty of Kenmore parks with child play areas).	9/11/2017 9:05 AM
35	kids playground	9/11/2017 12:52 AM
36	Play area for my children	9/10/2017 8:44 PM
37	Lots of nature! It would be a shame for it to turn into just a play area.	9/10/2017 5:34 PM
38	Lots of trees and natural elements	9/10/2017 12:24 PM
39	Have forest in hopes of trail development and half area open for family areas.	9/10/2017 12:19 PM
40	the combination of treed and open spaces. Possible views from upslope	9/10/2017 8:36 AM
41	the combination of wetlands and forest	9/9/2017 6:39 PM
42	Natural wilderness and a steep slope (possible hiking/walking trails)	9/9/2017 5:08 PM
43	The hillside and trees.	9/9/2017 8:36 AM
44	It is natural habitat - LEAVE IT FREE OF HUMAN INTERFERENCE!	9/9/2017 8:00 AM
45	The water and the slopes of thee woods	9/8/2017 6:43 PM
46	Walking would be nice	9/8/2017 4:50 PM
47	Easy access from Kenmore	9/8/2017 4:45 PM
48	The size	9/8/2017 3:30 PM
49	It apparently has unique wetlands and ecological features and those should not be disturbed but be used for education via interpretive signs and trails. The "shelf" has the potential to be used for picnics and walking trails.	9/8/2017 12:51 PM
50	Connection to Doug Allen Sportsfields and walk-able access to those resources which are intended for all to share.	9/8/2017 12:33 PM
51	Mixed habitat: wetland + forest	9/8/2017 10:54 AM
52	There is a stream in the park that has been fun to explore with the kids	9/7/2017 9:52 AM
53	That it still feels natural and a bit wild. The blend of that plus places for neighbors to walk and play would be great.	9/6/2017 9:55 PM
54	The feeling of seclusion, being completely surrounded by trees, and the streams, really make if feel a little remote..	9/6/2017 9:10 AM
55	The open area for walking paths for young kids to explore safely and maybe even include an area for an off-leash dog park to cut down on illegal useage in other parks in Kenmore.	9/6/2017 7:39 AM
56	N/A	9/6/2017 7:29 AM
57	The natural state of it. Eagles live in the trees, deer in the forest, etc.	9/6/2017 6:20 AM
58	That it used to be the Brightwater TBM portal site. An artistic representation of a tunnel boring machine would be cool.	9/6/2017 6:04 AM
59	Walking trails hills greenery	9/6/2017 5:42 AM

60	It's so open and inviting!! Natural habitat!	9/5/2017 10:00 PM
61	Well, it would get rid of the failed building project. The terrain is better suited for a park than another collection of McMansions.	9/5/2017 9:51 PM
62	It serves as a forrested oasis in suburban life. I've enjoyed walking by the park and seen deer walking through the park.	9/5/2017 9:50 PM
63	It would be a perfect spot for an off-leash dog park	9/5/2017 9:49 PM
64	It is large enough for a regulation rugby field.	9/5/2017 8:53 PM
65	Natural wetlands	9/5/2017 8:51 PM
66	How natural and undeveloped it is.	9/5/2017 7:46 PM
67	water quality/retention and natural habitats	9/5/2017 6:53 PM
68	How natural and untouched it is.	9/5/2017 5:47 PM
69	Lots of space	9/5/2017 4:53 PM
70	Lots of trees, so could have hiking paths or mountain bike paths. The lower section could have an off-leash dog area.	9/5/2017 4:35 PM
71	location and acreage/flat.	9/5/2017 2:31 PM
72	I love the wetlands and have found deer in the park!	9/1/2017 4:23 PM

#	OTHER GREAT ANSWERS (PLEASE SPECIFY):	DATE
1	Park, recreation and children playground.	9/15/2017 11:28 PM
2	May be adding some jogging trails, so folks live near by can be used for exercise and walking while enjoying the nature setting of the park	9/15/2017 7:50 PM
3	I would love to see an off-leash park so that my dogs (we don't have kids) have a great place to play. I love kids, don't get me wrong, but we've paid taxes to support schools and parks for our entire working lives, and our dogs are not welcome unless on leash in 99% of the PNW. Suggest that parents of human children keep theirs on a rope if outside of their yard, and see how well that goes over!	9/14/2017 11:00 PM
4	I love the idea of incorporating trails through the hill, next to the streams and up to the school on the NE corner. It would be shame not to connect the park to the school. I would also like to be able to sit near the pond that's on the property. That's a nice feature as well.	9/14/2017 6:30 PM

5	Wildlife Sanctuary	9/13/2017 6:47 PM
6	Something that would draw me there, even if low impact cost and environment wise.	9/13/2017 6:15 PM
7	There are three things our area needs desperately: 1) a bicycle pump track like the one built in Leavenworth, WA: https://www.facebook.com/LeavenworthPumpTrack/ This is a great way for communities to allow kids and adults to have fun and build confidence on their bikes within a confined (safe) area. It is reasonably low cost to build and maintain and can be used year round. 2) a community 'pea patch' would be great. There are others around, but this space would be fantastic. 3) A small off-leash dog park would be amazing. If you need help fleshing out these ideas or generating volunteer buzz I am willing to help.	9/13/2017 9:58 AM
8	Hike up the hill to the scenic overlook, smell the flowers along the way, look at fish/birds/squirrels/deer, and have a picnic with friends and family.	9/12/2017 9:35 PM
9	No BBQ please	9/12/2017 9:09 PM
10	dog friendly area.	9/12/2017 4:33 PM
11	enjoy the quiet and solitude of a rare portion of land NOT spoiled by developments!	9/12/2017 3:16 PM
12	I would love it if there were natural playground structures put in now and a real playground in a couple of years. A log balance beam and rock stepping stones would be fantastic. We also do not have access to walking to Sorenson/Westhill Elementary and if there was access that would be amazing so we could walk to my daughter's preschool. All the other "shortcuts" along accessways have dead ends.	9/12/2017 2:31 PM
13	It would be great to have a path through to the Doug Allen sports fields above the park.	9/12/2017 11:35 AM
14	Maintaining the tree cover in an area where there has been a lot of trees cut down for new developments within .5 to 1 mile radius. Potentially there is an addition of 100s of new homes in both Kenmore and Bothell.	9/11/2017 6:57 PM
15	Have an area within walking distance for my kids to have a safe space to explore and play. Space to sit and read and relax.	9/11/2017 6:45 PM
16	walk dog	9/11/2017 2:29 PM
17	Walk my dog through the park. Please do not put in a kid's playground. I live on 195th and have walking distance to 3 kid's playgrounds!	9/11/2017 1:21 PM
18	No need for play fields or courts. Natural trails only	9/11/2017 1:13 PM
19	dog park / off-leash area would fit well in the meadow in the middle of the park.	9/11/2017 12:55 PM
20	run/walk/bike on an expansive trail system, swing set for all ages, dog park.	9/11/2017 12:40 PM
21	I want to be able to grab my family and go down for a picnic lunch and let our dogs run and play offleash and socialize.	9/11/2017 11:36 AM
22	Have another close opportunity in my neighborhood to be in nature.	9/11/2017 9:05 AM
23	Play area for child	9/10/2017 8:44 PM
24	Walk my dog! An off leash area would be awesome.	9/10/2017 5:34 PM
25	Play on some kind of play structure.	9/10/2017 12:24 PM
26	dog park	9/9/2017 6:39 PM
27	Walk up to the Doug Allen sportsfields!!!!	9/9/2017 8:36 AM
28	The thought that some areas MIGHT be left undisturbed so plants and animals have a chance to live	9/9/2017 8:00 AM
29	I think Kenmore should build a climbing structure similar to the one in Marymoor park or by Husky Stadium. This is a great way for citizens to enjoy the park and only requires a small footprint. It is not disruptive to the natural setting the way a basketball court or a giant field might be.	9/8/2017 4:45 PM
30	Picnic while watching for wildlife and walking walking for exercise.	9/8/2017 12:51 PM
31	I really hope Kenmore can make an off leash dog area either here or at Wallace Swamp Creek. I have two small friendly leashed dogs. We no longer walk through Wallace Swamp Creek due to too many encounters with aggressive off leash dogs. If they had a place to call their own, then hopefully they would respect the leashed areas for the rest of us.	9/8/2017 12:35 PM

32	See the vision of our master plan come true!	9/8/2017 12:33 PM
33	If there is room and it makes sense environmentally, I would love to see a couple of soccer/baseball fields added.	9/6/2017 12:13 PM
34	See an off-leash dog park area, since there is none in the Kenmore area and this park is large enough to house something of this nature unless it is planned for another park.	9/6/2017 7:39 AM
35	Take my dog to the future off leash dog park? Visit the spray park? Visit all the cool and unique additions?	9/5/2017 10:00 PM
36	Would love to walk my dog through the park!	9/5/2017 9:50 PM
37	Hopefully take my dog there to play	9/5/2017 9:49 PM
38	Pickleball? Does not take up much space and there are not many dedicated courts in the north end.	9/5/2017 6:53 PM
39	Having lens around the park for running/jogging would be the No. 1 choice - as it complements other parks' features in this area.	9/5/2017 2:31 PM

1	I live very close, so we can walk there.	9/15/2017 7:50 PM
2	Access to this park would be greatly improved by adding sidewalks along 80th to the north and south.	9/12/2017 11:35 AM
3	Let's be real, public transit doesn't get near the park, there are no sidewalks so walking can be iffy and I wouldn't want to bike down that hill with the speed some drivers go on that street... there will need to be parking. I wonder if the church would be willing to let people use their lot if it's not a sunday...?	9/11/2017 11:36 AM
4	Walk down from the hillside via Doug Allen sportsfields	9/9/2017 8:36 AM
5	Please keep it natural - not an extension of the public	9/9/2017 8:00 AM
6	Could also walk if the Tolt pipeline trail could be extended to this park.	9/8/2017 12:51 PM
7	By virtue of the \$2 Billion Brightwater project it's true, yet, the qualitative and quantitative results of which have finally manifested into something for me and you. Just no more rate increases to make us blue... perhaps public access to the "purple water" as promised, or at least used to keep the "Blue Trees" from dying would seem an appropriate use.	9/8/2017 12:33 PM

45	Climb on the fantastic climbing structure I know Kenmore will build.	9/8/2017 4:45 PM
46	Would be great to have a running loop with mile markers and some spots for other exercises.	9/8/2017 3:30 PM
47	Take the kids to a walking distance playground. Have trails to explore / walk / exercise on.	9/8/2017 1:23 PM
48	Will have to wait and see what develops.	9/8/2017 12:51 PM
49	My vision would be to hold to the plans pinned on the project office wall at Brightwater North Portal, onsite for years, while the site was "developed". The path up the hill to what was then County owned "West Hill Park" was mapped out clearly. Now annexed by Bothell, renamed Doug Allen Sportsfields and apparently denying Kenmore's North End kids of a reasonable walk-able shortcut, that was seemingly laid out clearly to see for you an me. If we believe in what we say, we should also then match it with what we do. Bridging Kenmore and Bothell with a walkable path that provides access to green space that does not exist in the North end adheres to the original spirit sold the public by Ron Sims, through to today and both Bothell and Kenmore's master plans, and most importantly, minimizes overall costs. Kenmore Elementary's ball field is gravel and that is no lie. Wallace Swamp Creek Park was donated with the intent it be turned into ball fields, though it was reserved for nature much to our delight, yet our children remain unable to kick a ball or play on grass without driving miles for that delight. A trail connecting to Doug Allen Sportsfields would suffice, intersperse it with workout stations, and show the public that Kenmore means what it says and is committed our kids, "Let's Move" and make Kenmore the "Playful City" we all know and love. Bothell is just one more reason #WhyILoveKenmore and right now extending a hand seems right.	9/8/2017 12:33 PM

62	Off leash dog park!	9/5/2017 9:50 PM
63	Dog park. Please check out the Hondo Dog park in Hillsboro, OR (https://www.hillsboro-oregon.gov/departments/parks-recreation/our-parks/hondo-dog-park). We previously lived near this dog park and it was amazing. The entire space was fenced and there was 2 sections, for one little dogs and one for larger dogs. It all was grass and a great place to take your pet. We don't have any walking spots or places to take your dog (especially littler dogs). We live right across the street from this space and would love to see a dog park.	9/5/2017 9:49 PM
64	Play rugby on the dedicated rugby field.	9/5/2017 8:53 PM
65	Playground for kids. A natural playground that has logs to climb, trees to climb and other natural features for young kids to explore. Water features are great too.	9/5/2017 8:51 PM
66	Explore and enjoy nature. Photography.	9/5/2017 7:46 PM
67	walk or bike to the park as an urban hike preferably NOT along roads next to cars, but instead on dedicated paths that are peaceful and connect this park to other natural areas.	9/5/2017 6:53 PM
68	Continue to visit it as an untouched, undeveloped area in a town and county that doesn't seem to not develop at an alarming pace.	9/5/2017 5:47 PM
69	I would love to see an off leash dog area. Kenmore is in desperate need of one so that people stop using Swamp Creek Park as an off leash area. I don't even own a dog but can see the great need in this area.	9/5/2017 4:53 PM
70	I hope it is ready to use ASAP. For eg, building lens around the park first for running/jogging. Then while they are already in use, build other features - for example central meadows.	9/5/2017 2:31 PM
71	I am excited to have a place to picnic and enough activities to keep my kids busy!	9/1/2017 4:23 PM
