2019 City of Kenmore Parks and Recreation Survey Executive Summary

Overview

ETC Institute administered a Parks and Recreation Survey for the City of Kenmore in the winter of 2019. The City is beginning to update its Parks, Recreation, and Open Space Plan and data collected from the survey will be used to objectively assess leisure and recreation needs in the community. The survey and its results will guide the City of Kenmore in establishing priorities for the future improvement of parks, recreation facilities, programs, and services within the community that best represent residents' needs.

Methodology

ETC Institute mailed a survey packet to a random sample of households in the City of Kenmore. Each survey packet contained a cover letter, a copy of the survey, and a postage-paid return envelope. Residents who received the survey were given the option of returning the survey by mail or completing it online at www.KenmoreParkSurvey.org.

Ten days after the surveys were mailed, ETC Institute sent emails and placed phone calls to the households that received the survey to encourage participation. The emails contained a link to the online version of the survey to make it easy for residents to complete. To prevent people who were not residents of the City of Kenmore from participating, everyone who completed the survey online was required to enter their home address prior to submitting the survey. ETC Institute then matched the addresses that were entered online with the addresses that were originally selected for the random sample. If the address from a survey completed online did not match one of the addresses selected for the sample, the online survey was not counted.

The goal was to obtain completed surveys from at least 400 residents. The goal was exceeded with a total of 578 residents completing the survey. The overall results for the sample of 578 households have a precision of at least +/-4.02% at the 95% level of confidence.

This report contains the following:

- Charts showing the overall results of the survey (Section 1)
- Priority Investment Rating (PIR) that identifies priorities for facilities and programs (Section 2)
- Benchmarking analysis comparing the City's results to national results (Section 3)
- Tabular data showing the overall results for all questions on the survey (Section 4)
- A copy of the survey instrument (Section 5)

The major findings of the survey are summarized on the following pages.

Overall Use and Ratings of Park and Recreation Facilities

Facility Use. Ninety-three percent (93%) of respondent households indicated they have visited City Parks and Recreation facilities in the past 12-months. The most frequently used Parks and Recreation facilities, as indicated by responding households, were: Log Boom Park (61%), Rhododendron Park (49%), and Town Square/Hangar Building (38%). Five percent (5%) of respondent households visit City Park and Recreation facilities “daily,” 29% of respondent households visit City Park and Recreation facilities “weekly,” 34% of respondent households visit City Park and Recreation facilities “monthly,” and 21% of respondent households visit City Park and Recreation facilities “quarterly.”

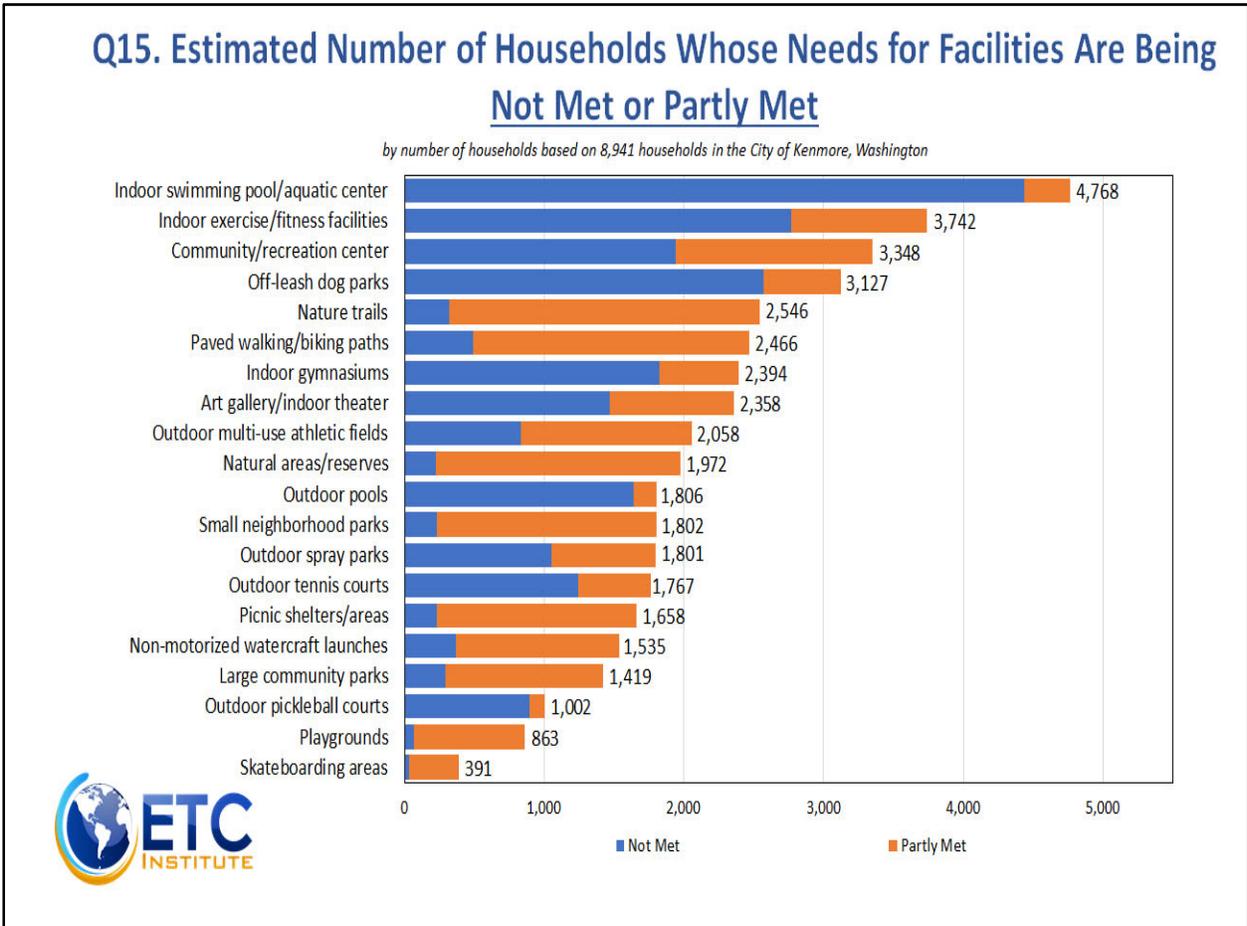

The top two facilities most regularly visited by respondent households, that are operated by non-City providers, were: Burke Gilman Trail (75%) and St. Edward State Park (74%).

Ratings. Thirty-percent (30%) of respondent households rated the physical condition of City Parks and Recreation facilities as “excellent,” 62% of respondents rated the physical condition of City Parks and Recreation facilities as “good,” 8% of respondent households rated the physical condition of City Parks and Recreation facilities as “fair,” and less than one-percent (0.4%) of respondent households rated the condition of Parks and Recreation facilities as “poor.”

Facility Needs and Priorities

Facility Needs: Respondents were asked to identify if their household had a need for 20 recreation facilities and amenities and rate how well their needs for each were currently being met. Based on this analysis, ETC Institute was able to estimate the number of households in the community that had the greatest “unmet” need for various facilities.

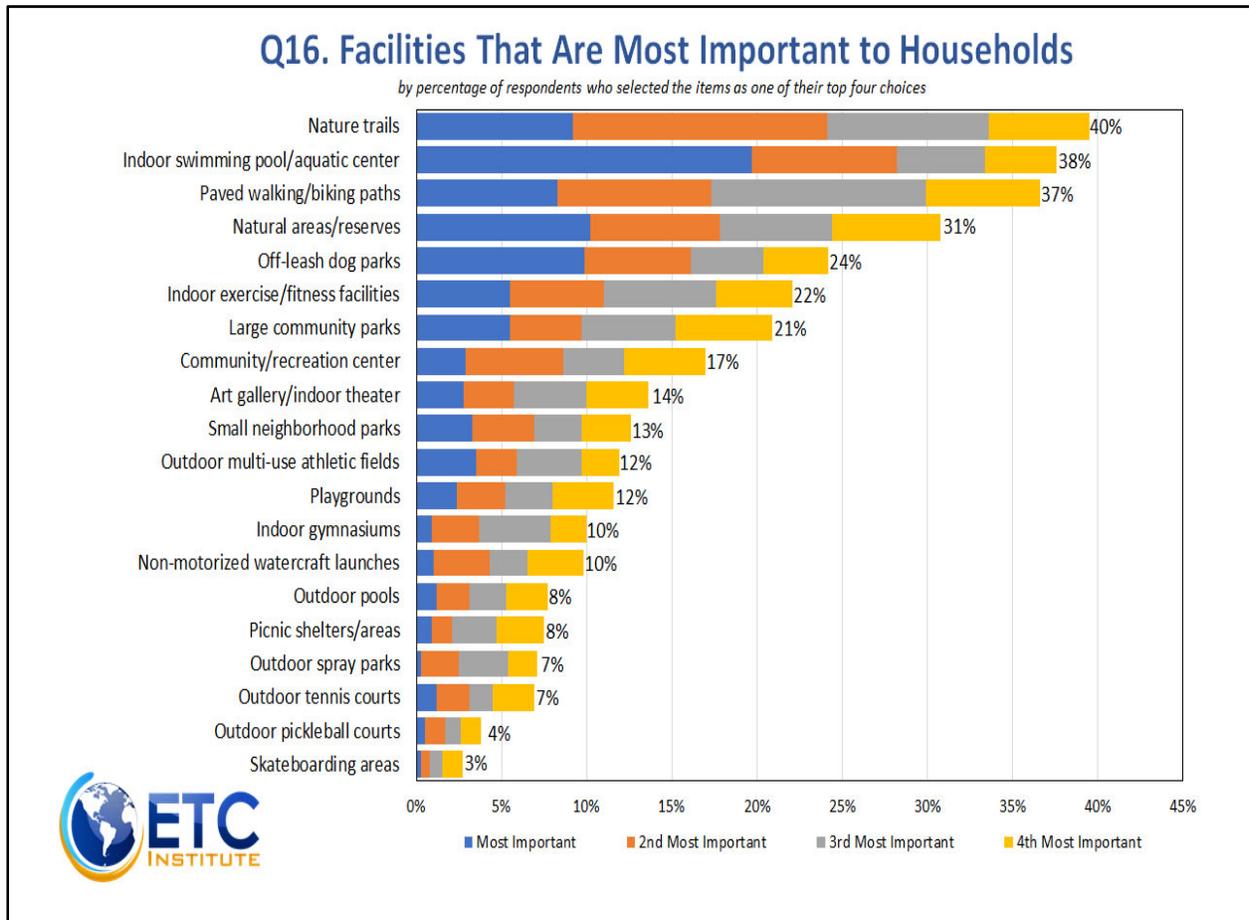

The top four recreation facilities with the highest percentage of households that indicated a need for the facility were: nature trails (72%), paved walking/biking paths (68%), natural areas/reserves (65%), and indoor swimming pool/aquatic center (57%). ETC Institute estimates a total of 6,446 households out of the 8,941 households in the City of Kenmore have a need for natural trails, an estimated total of 6,044 households out of the 8,941 households in the City of Kenmore have a need for paved walking/biking trails, and an estimated total of 5,767 households out of the 8,941 households in the City of Kenmore have a need for natural areas/reserves. ETC Institute estimated a total of 4,768 households out of the 8,941 households in the City of Kenmore have unmet needs for an indoor swimming pool/aquatic center, an estimated total of 3,742 households out of the 8,941 households in the City of Kenmore have unmet needs for indoor exercise/fitness facilities, and an estimated total of 3,348 households out of the 8,941 households in the City of Kenmore have unmet needs for a community/recreation center. The estimated number of households that have unmet needs for each of the 20 facilities that were assessed is shown in the table at the top of the following page.

Facility Importance: In addition to assessing the needs for each facility, ETC Institute also assessed the importance that residents placed on each facility. Based on the sum of respondents’ top four choices, the four most important facilities to residents were:

1. nature trails (40%),
2. indoor swimming pool/aquatic center (38%),
3. paved walking/biking paths (37%), and
4. natural areas/reserves (31%).

The percentage of residents who selected each facility as one of their top four choices is shown in the chart at the top of the following page.

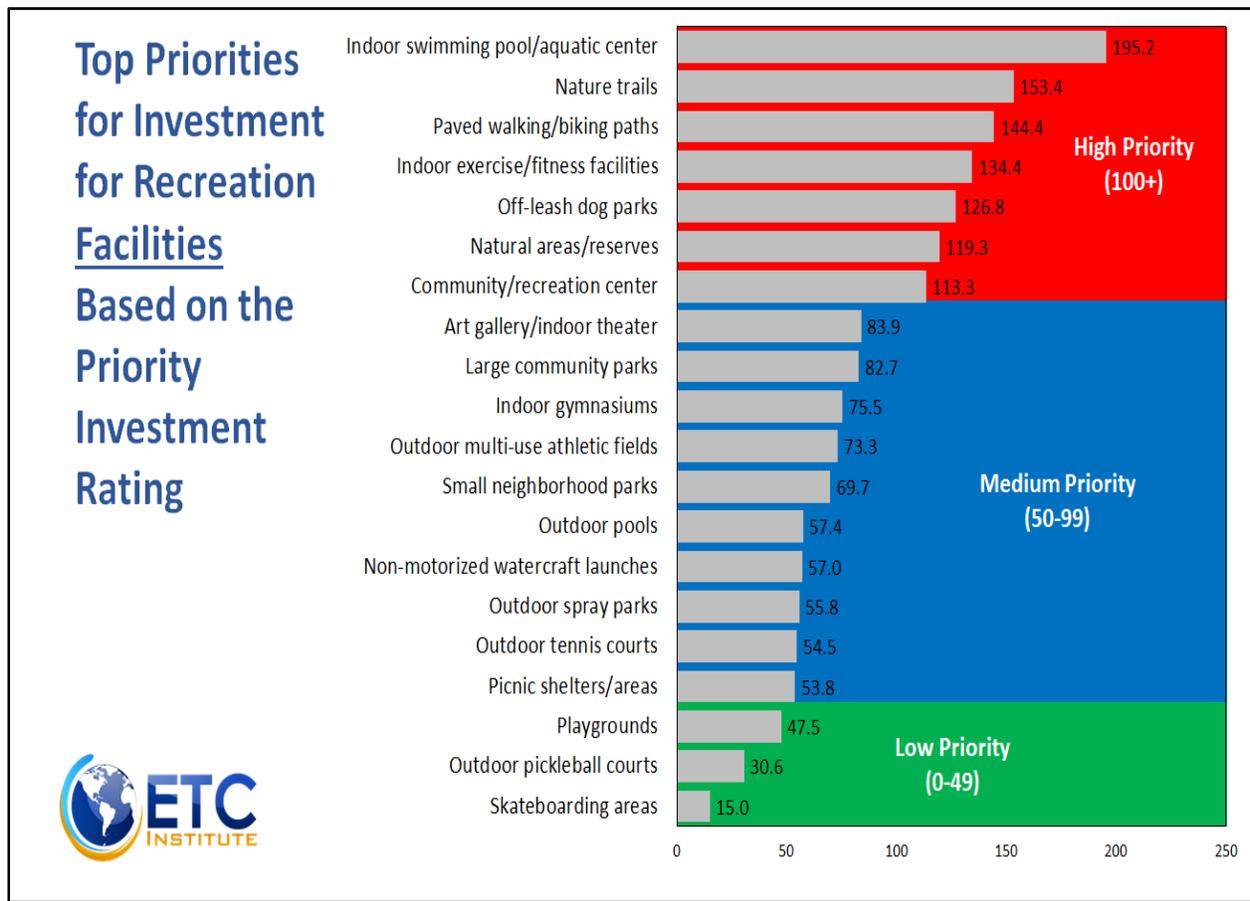

Priorities for Facility Investments. The **Priority Investment Rating (PIR)** was developed by ETC Institute to provide organizations with an objective tool for evaluating the priority that should be placed on Parks and Recreation investments. The **Priority Investment Rating (PIR)** equally weights (1) the importance that residents place on facilities and (2) how many residents have unmet needs for the facility. [Details regarding the methodology for this analysis are provided in Section 2 of this report.]

Based the **Priority Investment Rating (PIR)**, the following seven facilities were rated as high priorities for investment:

- Indoor swimming pool/aquatic center (PIR=195.2)
- Nature trails (PIR=153.4)
- Paved walking/biking paths (PIR=144.4)
- Indoor exercise/fitness facilities (PIR=134.4)
- Off-leash dog parks (PIR=126.8)
- Natural areas/reserves (PIR=119.3)
- Community/recreation center (PIR=113.3)

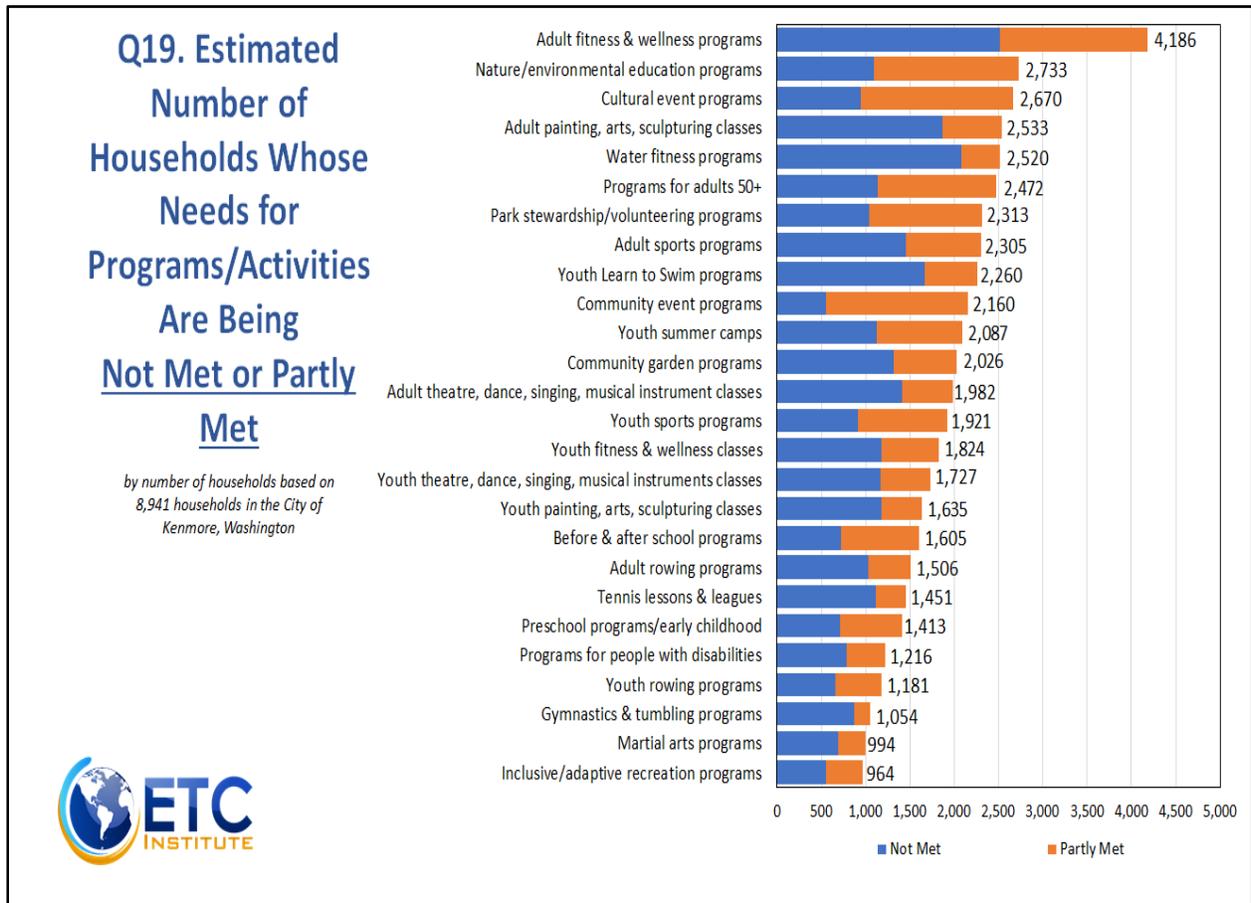

The chart at the top of the following page shows the **Priority Investment Rating (PIR)** for each of the 20 facilities that were assessed on the survey.

Program/Activity Needs and Priorities

Program/Activity Needs. Respondents were also asked to identify if their household had a need for 26 recreational programs/activities and rate how well their needs for each program were currently being met. Based on this analysis, ETC Institute was able to estimate the number of households in the community that had “unmet” needs for each program.

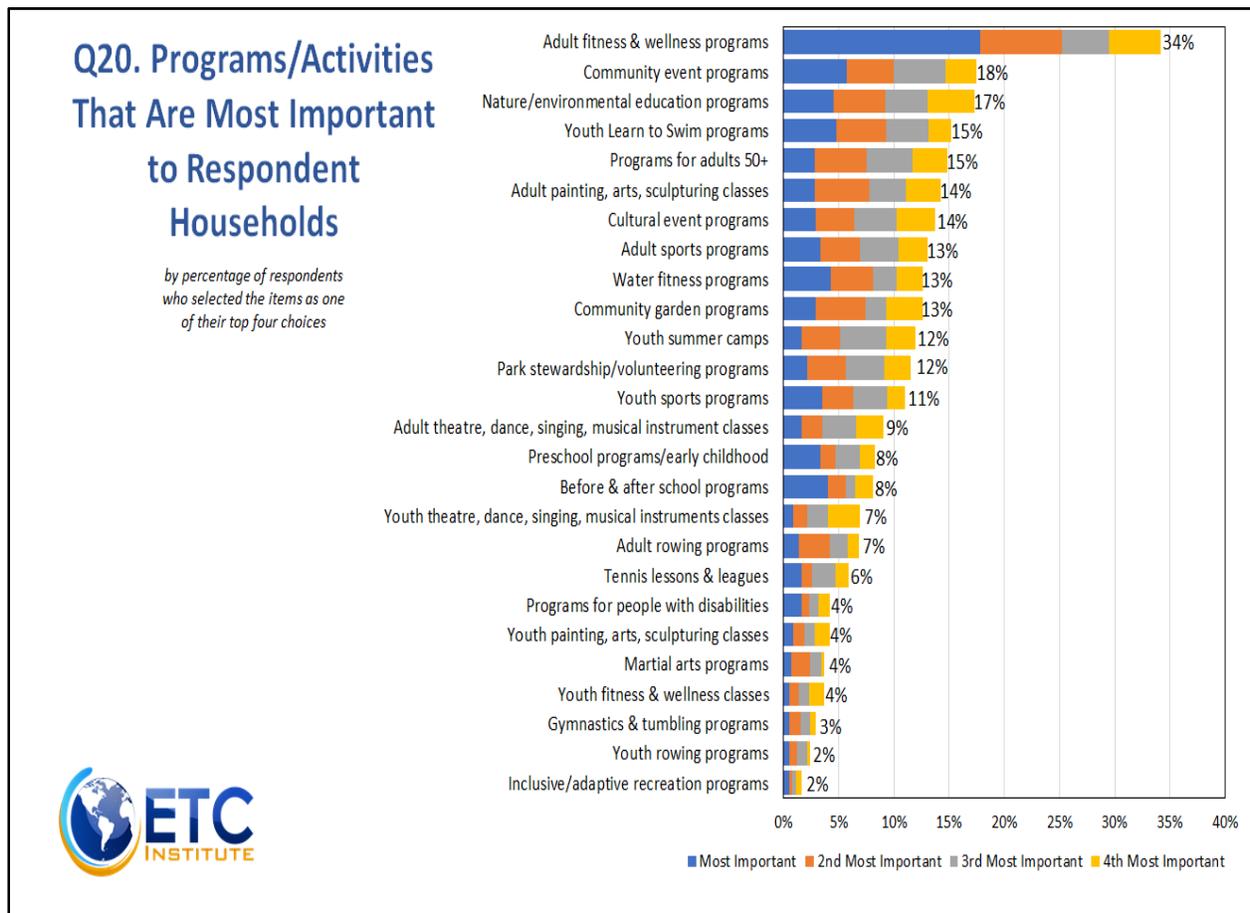

The four programs/activities with the highest percentage of households that had needs were: adult fitness and wellness programs (54%), community event programs (41%), cultural event programs (37%), and nature/environmental education programs (36%). ETC Institute estimates a total of 4,783 households out of the 8,941 households in the City of Kenmore have a need for adult fitness and wellness programs, an estimated total of 3,693 households out of the 8,941 households in the City of Kenmore have a need for community event programs, and an estimated total of 3,263 households out of the 8,941 households in the City of Kenmore have a need for cultural event programs. ETC Institute estimates a total of 4,186 households out of the 8,941 households in the City of Kenmore have unmet needs for adult fitness and wellness programs, an estimated total of 2,733 households out of the 8,941 households in the City of Kenmore have unmet needs for nature/environmental education programs, and an estimated total of 2,670 households out of the 8,941 households in the City of Kenmore have unmet needs for cultural event programs. The estimated number of households that have unmet needs for each of the 26 programs/activities that were assessed is shown in the chart at the top of the following page.

Program/Activity Importance. In addition to assessing the needs for each program, ETC Institute also assessed the importance that residents placed on each program. Based on the sum of respondents’ top four choices, the five most important programs to residents were:

1. adult fitness and wellness programs (34%),
2. community event programs (18%),
3. nature/environmental education programs (17%),
4. Youth Learn to Swim programs (15%), and
5. Programs for adults 50+ (15%).

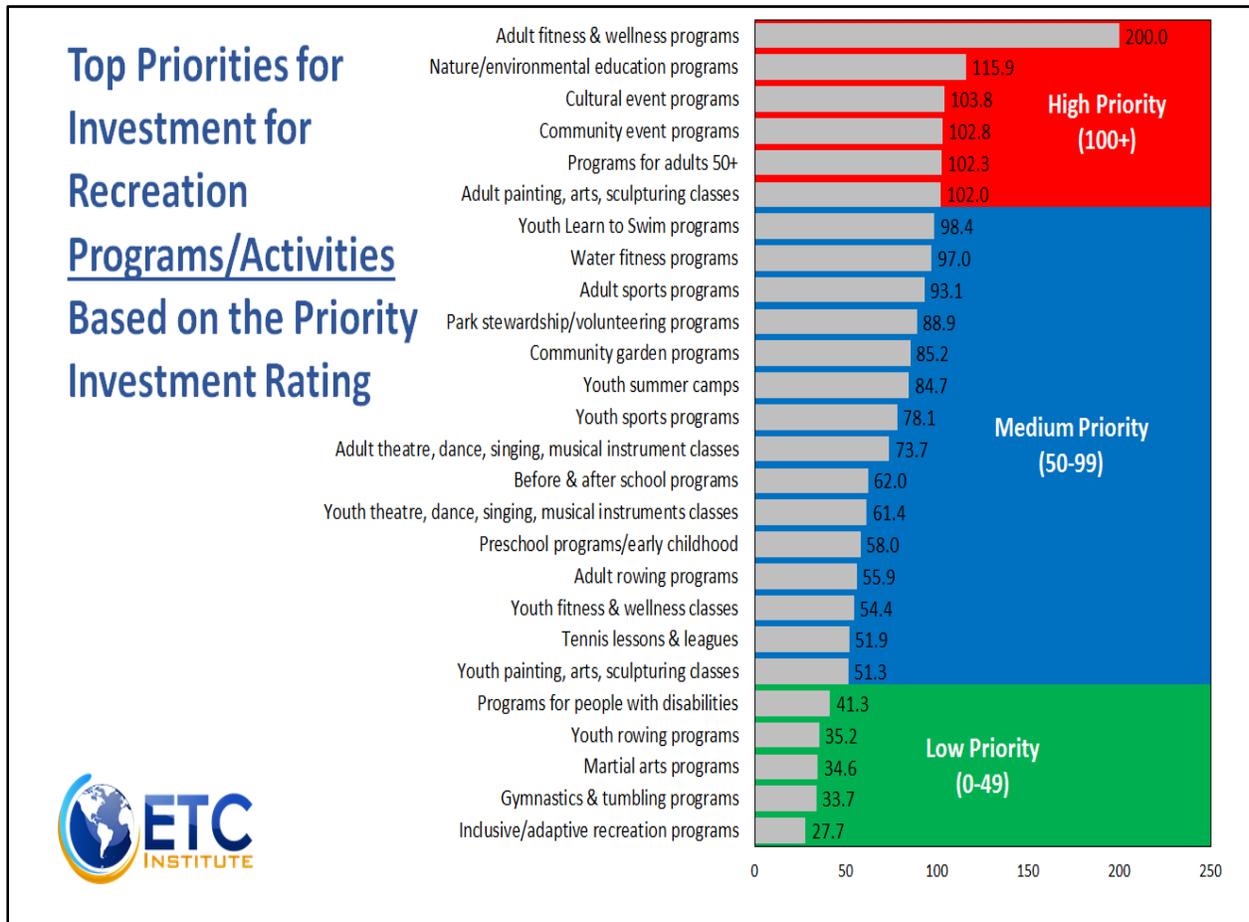

The percentage of residents who selected each program/activity as one of their top four choices is shown in the table at the top of the following page.

Priorities for Program/Activity Investments. Based on the **Priority Investment Rating (PIR)**, which was described briefly on Page iv of this Executive Summary and is described in more detail in Section 2 of this report, the following six programs/activities were rated as “high priorities” for investment:

- Adult fitness and wellness programs (PIR=200)
- Nature/environmental education programs (PIR=115.9)
- Cultural event programs (PIR=103.8)
- Community event programs (PIR=102.8)
- Programs for adults 50+ (PIR=102.3)
- Adult painting, arts, sculpturing classes (PIR=102.0)

The chart at the top of the following page shows the **Priority Investment Rating (PIR)** for each of the 26 programs that were rated.

Improving and Expanding Parks and Recreation Facilities

Respondents were asked to rate their level of support for 18 potential actions the City of Kenmore could take in the future to improve and expand parks and recreation facilities in the City. The actions that received the highest levels of support, based upon the combined percentage of “very supportive” and “somewhat supportive” responses among respondents, were: acquiring shoreline for water/beach access (87%), developing multi-purpose paths/trails in parks (85%), developing multi-purpose trails connecting to parks (85%), acquiring properties to preserve natural open space and wildlife habitats (84%), and upgrading nature trails (84%). Developing skateboarding areas (28%) was the potential action that received the lowest levels of support.

Respondents were then asked to indicate which three of the potential actions are most important to their household. Based on the sum of respondents’ top three choices acquiring shoreline for water/beach access (39%), developing a new regional indoor community aquatic center (29%), and acquiring properties to preserve natural open space and wildlife habitats (25%) were the most important potential actions that are most important to households.

Additional Findings

- Most of respondents (95%) are aware of Log Boom Park and 94% of respondents are aware of Rhododendron Park.
- Sixty-nine percent (69%) of respondents' access City Parks and Recreation facilities by driving, 57% of respondent households access City Parks and Recreation facilities by walking, 17% of respondents access City Parks and Recreation facilities by biking, and 1% of respondent households ride the bus to access City Parks and Recreation facilities.
- Fifty-six percent (56%) of respondents indicated they currently get information about recreational, cultural, and community event programs in the City of Kenmore from friends and family/word of mouth, 46% use the City of Kenmore's printed newsletter, and 36% use the Bothell-Kenmore Reporter newspaper. The radio (4%) was the least used method of communication.
- Restrooms (73%), walking paths (67%), and parking (55%) were the most important park features to respondents and their households. Based on the sum of respondents' top three choices walking paths (47%), restrooms (45%), and parking (29%) are the three most important features to be added to or improved in the City of Kenmore.
- State parks (60%), King County Parks (55%), Cities of Bothell, Kirkland, Woodinville, and Lake Forest Park (53%), and the City of Kenmore (52%) are the organizations most used by households for parks, recreation, and cultural programs and facilities.
- Seventy-four percent (74%) of respondent households gave recreation opportunities in the City a rating between 6 to 8, on a 10-point scale (1 being "no opportunities" and 10 being "extensive opportunities").
- Seventy percent (70%) of respondent households gave the quality of recreation programs/classes in the City a rating between 6 to 8, on a 10-point scale (1 being "lowest quality" and 10 being "highest quality").
- Sixty-eight percent (68%) of respondent households gave the opportunity to attend community event(s) in the City a rating between 6 to 8, on a 10-point scale (1 being "no opportunities" and 10 being "extensive opportunities").
- Fifty-three percent (53%) of respondents indicated they or members of their household has attended community event(s) in the past 12-months. The most attended community events in the past 12 months include: Kenmore Fourth of July Fireworks (59%), Kenmore Summer Concert Series (57%), and Tree Lighting Festival and Holiday Market (30%).

Conclusions

The survey data suggests the City of Kenmore is currently meeting or exceeding most of the parks and recreation needs of residents in the community. Respondents are extremely satisfied with the physical condition of the parks and recreation facilities they visit (92% gave "excellent" or "good" ratings), there are high usage rates of the City's facilities and parks, and most respondents

(79%) are satisfied with the number of City-owned parks and recreation facilities available to their household. More than half (54%) of respondents indicated they are either “very satisfied” or “satisfied” with the overall value their household receives from the City of Kenmore for parks, recreation, and community events and respondents are satisfied with the progress the City is making in improving and investing in parks and recreation facilities.

To ensure the City of Kenmore continues to meet the needs and expectations of the community, ETC Institute suggests the Parks and Recreation Department sustain and/or improve the performance in areas that were identified as “high priorities” by the **Priority Investment Rating (PIR)**. In addition to focusing on the “high priority” areas identified by the Priority Investment Ratings, City leaders should take note of the overwhelming support for and importance of shoreline water/beach access. Acquiring shoreline for water/beach access received the highest levels of support from respondents and was also found to be the most important potential improvement to households. The facilities and programs/activities with the highest PIR ratings are listed below.

Facility Priorities

- Indoor swimming pool/aquatic center (PIR=195.2)
- Nature trails (PIR=153.4)
- Paved walking/biking paths (PIR=144.4)
- Indoor exercise/fitness facilities (PIR=134.4)
- Off-leash dog parks (PIR=126.8)
- Natural areas/reserves (PIR=119.3)
- Community/recreation center (PIR=113.3)

Program/Activity Priorities

- Adult fitness and wellness programs (PIR=200)
- Nature/environmental education programs (PIR=115.9)
- Cultural event programs (PIR=103.8)
- Community event programs (PIR=102.8)
- Programs for adults 50+ (PIR=102.3)
- Adult painting, arts, sculpturing classes (PIR=102.0)

Section 2

Priority Investment Rating

Priority Investment Rating

City of Kenmore, Washington

The **Priority Investment Rating (PIR)** was developed by ETC Institute to provide governments with an objective tool for evaluating the priority that should be placed on parks and recreation investments. The Priority Investment Rating was developed by ETC Institute to identify the facilities and programs residents think should receive the highest priority for investment. The priority investment rating reflects the importance residents place on items (sum of top 4 choices) and the unmet needs (needs that are only being partly or not met) for each facility/program relative to the facility/program that rated the highest overall. Since decisions related to future investments should consider both the level of unmet need and the importance of facilities and programs, the PIR weights each of these components equally.

The PIR reflects the sum of the Unmet Needs Rating and the Importance Rating as shown in the equation below:

$$\text{PIR} = \text{UNR} + \text{IR}$$

For example, suppose the Unmet Needs Rating for indoor exercise/fitness facilities is 78.5 (out of 100) and the Importance Rating for indoor exercise/fitness facilities is 55.9 (out of 100), the Priority Investment Rating for indoor exercise/fitness facilities is 134.4 (out of 200).

How to Analyze the Charts:

- **High Priority Areas** are those with a PIR of at least 100. A rating of 100 or above generally indicates there is a relatively high level of unmet need and residents generally think it is important to fund improvements in these areas. Improvements in this area are likely to have a positive impact on the greatest number of households.
- **Medium Priority Areas** are those with a PIR of 50-99. A rating in this range generally indicates there is a medium to high level of unmet need or a significant percentage of residents generally think it is important to fund improvements in these areas.
- **Low Priority Areas** are those with a PIR below 50. A rating in this range generally indicates there is a relatively low level of unmet need and residents do not think it is important to fund improvements in these areas. Improvements may be warranted if the needs of very specialized populations are being targeted.

The following pages show the Unmet Needs Rating, Importance Rating, and Priority Investment Rating for facilities and programs/activities.

Benchmarking Analysis

Benchmarking Summary Report

City of Kenmore, Washington

Since 1998, ETC Institute has conducted household surveys for needs assessments, feasibility studies, customer satisfaction, fees and charges comparisons, and other parks and recreation issues in more than 400 communities in 49 states across the country.

The results of these surveys has provided an unparalleled data base of information to compare responses from household residents in client communities to “National Averages” and therefore provide a unique tool to “assist organizations in better decision making.”

Communities within the data base include a full-range of municipal and county governments from 20,000 in population through over 1 million in population. They include communities in warm weather climates and cold weather climates, mature communities and some of the fastest growing cities and counties in the country.

“National Averages” have been developed for numerous strategically important parks and recreation planning and management issues including: customer satisfaction and usage of parks and programs; methods for receiving marketing information; reasons that prevent members of households from using parks and recreation facilities more often; priority recreation programs, parks, facilities and trails to improve or develop; priority programming spaces to have in planned community centers and aquatic facilities; potential attendance for planned indoor community centers and outdoor aquatic centers; etc.

Results from household responses for Kenmore, Washington were compared to National Benchmarks to gain further strategic information. A summary of all tabular comparisons are shown on the following page.

Survey Instrument

January 2019

Dear Kenmore Resident,

The City of Kenmore is beginning to update its Parks, Recreation, and Open Space (PROS) Plan, a long-range planning document updated every five to seven years. We are conducting a survey to objectively assess leisure and recreation needs in our community as part of our PROS Plan update. We need your input on this survey to help us plan for the future parks and recreation needs of the community.

We realize this survey will take about 10-15 minutes to complete, but every question is important. The time you invest now will influence dozens of decisions that will be made about the future of the City's parks and recreation programs and facilities.

If possible, please have the youngest adult (age 18 or older) in your household complete the survey.

Please return your survey during the next week. You may return your completed survey in the postage-paid envelope that has been provided or by e-mailing a scanned copy to Ryan.Murray@etcinstitute.com. If you prefer, you may also complete the survey on-line by going to www.KenmoreParkSurvey.org. Your individual responses will remain confidential.

If you have any questions, please contact Parks Project Manager, Maureen Colaizzi at mcolaizzi@kenmorewa.gov or (425) 398-8900.

Thank you for your support of this important initiative.

Sincerely,

Rob Karlinsey
City Manager
City of Kenmore

La Ciudad de Kenmore esta pidiendo su opinion sobre servicios recreos. Si usted prefiere hacer la encuesta en espanol, por favor llame gratis al (844) 811-0411. Sus respuestas individuales seran mantenidas de forma confidencial. Necesitamos recibir sus respuestas en los proximos dias. Muchas gracias.

The City of Kenmore would like your input to help determine parks and recreation priorities for our community. This survey will take approximately 10-15 minutes to complete. When you are finished, please return your survey in the enclosed postage paid return-reply envelope. If you prefer, this survey may be completed online instead at this unique link www.KenmoreParkSurvey.org that only can be used once by you. Your responses will remain completely confidential. We greatly appreciate your time.
