
REQUIRED REPORTING – PROGRAM YEAR 2023

The Revised Code of Washington (RCW) 46.63.220 authorizes the use of photo enforcement cameras and requires that the City publish an annual report which includes at minimum the following information:

- Annual crashes at each photo enforcement location
- Number of Notices of Infraction issued by each camera
- Total program costs as a percentage of revenue
- Use of program revenue which exceeds expenses

This information is additionally included in the Program Year 2023 Annual report, and is reproduced here for ease of reference in order to support the greatest clarity and transparency possible.
